

Department of Information Technology,
Faculty of Technology
Dharmsinh Desai University, Nadiad

List of Expert Talks Organized

NO	Year	No of Participants	Topic	Type
1	2016-17	90	Past, Present and Future of IT field	Offline
2	2016-17	45	Profile Building and Career option after graduation	Offline
3	2017-18	98	Myths about education Abroad and Basics of Campus Recruitment Training	Offline
4	2017-18	91	Current trends and advanced Technology	Offline
5	2017-18	61	The future of IT	Offline
6	2017-18	37	Python-Basics and Tips	Offline
7	2018-19	73	Risk Management in Information Security	Offline
8	2018-19	80	Usage of Automation Tools (using Selenium-Webdriver)	Offline
9	2019-20	55	Knowledge sharing session for competitive programming and interview experience	Offline
10	2019-20	50	Software Testing (Unit Testing)	Online
11	2019-20	60	Introduction to Python	Online
12	2019-20	65	Vector Computation using NumPy	Online
13	2019-20	70	Data processing using Pandas	Online
14	2019-20	65	Data visualization using Python	Online
15	2019-20	50	Basics of Natural Language Processing	Online
16	2020-21	120	UI/UX skills in Web and Mobile development.	Online
17	2020-21	35	Career path of Robotics	Online
18	2020-21	75	Career Insights in Cyber Security	Online
19	2020-21	66	LIVE Q&A with Space Scientist at ISRO India	Online
20	2020-21	48	Career insights in Augmented & Virtual Reality	Online
21	2021-22	63	AI in E-Commerce and Future of E-Commerce	Online
22	2021-22	33	Career insights in Home Automation	Online
23	2021-22	71	Explainable AI Using Knowledge Graph	Online
24	2021-22	38	Career insights in Digital Auditing	Online
25	2021-22	38	LIVE Webinar: Career Insights in Marketing Management	Online
26	2021-22	95	Software Version Control Management	Online
27	2021-22	36	Big Data Analysis using Spark and Scala	Online
28	2021-22	95	Project Deployment using Jenkins and Docker	Online
29	2021-22	72	Text Representation for Machine Learning	Online
30	2022-23	65	Foreign Studies	Offline

31	2022-23	71	Understanding of Medical Images towards a robust Anomaly Detection System	Online
32	2022-23	67	Webinar on ChatGPT for Engineer	Online
33	2022-23	61	Webinar on AI-Powered Recommendations & Search Systems	Online
34	2022-23	110	OpenVerse - Exploring open source and opportunities about it	Online
35	2023-24	183	The Journey to Google: with ICPC and Competitive Programming	Online
36	2023-24	50	Code Cruise: Navigating Git and sailing through GitHub	Online
37	2023-24	30	Career Guidance & Future Scopes in IT	Online
38	2023-24	65	Innovate to Integrate: DevOps Drive	Offline
39	2023-24	47	Blockchain Essentials: Understanding Fundamentals & Smart Contracts	Offline
40	2023-24	73	Recursion & Backtracking Masterclass	Online
41	2023-24	121	"Orientation of Competitive Platforms" with Akhenia Drumil	Online
42	2023-24	140	Web3Insight: Power of Decentralized	Offline
43	2023-24	33	Advancements in ML & its use in IoT	Offline
44	2023-24	50	CodeIgnition: Kickstart Your Coding Journey	Online
45	2023-24	99	DSA Fundamentals: Exploring Data Structures and Algorithms	Online
46	2023-24	35	Application of Deep Learning in Medical Domain	Offline
