

DHARMSINH DESAI UNIVERSITY

Energy Policy

Dharmsinh Desai University (DDU), located at Nadiad, is one of the leading institutions of learning in Gujarat. Since inception in 1968 as an institute for higher education in technology and engineering by the then Member of Parliament, Shri Dharmsinh Dadubhai Desai, it is committed to grooming students for leadership roles in the society. Its vision is To become a multi-disciplined and learner-oriented university which is closely associate with and responsive to the industry. To create supportive and caring environment for staff and students and to improve R&D activities in areas of national priority. The University is for individuals who wish to advance in the workplace, and emerge as competent professionals and noble citizens. The University meets these needs by delivering applied and professional programmes, primarily at the graduate and higher level, that anticipate and respond to the changing world and global economy. DDU is committed to the highest level of quality, teaching excellence and applied research that pursues solutions to real world problems. It has Faculty of medical sciences, dental science, technology, management and information sciences, pharmacy and commerce.

The scope of this energy policy applies to the all academic and related activities undertaken by the university. It also covers the all stake holders like suppliers, contractors etc.

Dharmsinh Desai University is committed to:

- Comply with applicable legal and other requirements to which the University subscribes to its energy aspects.
- Using energy in the most efficient cost effective and environmentally responsible manner possible to reduce specific consumption of energy and increase the use of renewable energy.
- Improve energy efficiency continuously by implementing effective energy management programs that support all operations and customer satisfaction, while providing a safe and comfortable work environment.
- Educate, train and motivate employees to carry out tasks in an energy efficient manner.
