ADMISSION IN VACANT QUOTA for B. TECH (CE/IT) PROGRAM 2021-22

Telephonic counseling has been started for CE and IT branch. We have information of limited number of vacant seats in CE and IT branch as of now. But we expect vacant seats in future due to various reasons like students getting admission into IITs and NITs in coming days. So as seats become available in CE and IT in coming days, we will call candidates for admission according to the merit list published on our website.

If admission is offered through telephonic counseling, then fees for the first semester of Rs.78,500/- should be immediately transferred to below account to confirm your offered seat. To ease the process, you are advised to do the needful like adding beneficiary well in advance (for NEFT/IMPS). Adding beneficiary does not incur any cost.
